Forecast For East of England
Issued by Met Office Exeter
at 0400 on Monday 22 Feb 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Generally cloudy, with outbreaks of patchy light rain today. Mild.

Today:
Dry with bright or sunny spells at first. However, it will turn increasingly cloudy with some outbreaks of patchy light rain moving eastwards across the region during the afternoon. The rain will gradually ease by the evening. Breezy and mild. Maximum temperature 13 deg C (55 deg F).

Tonight:
Patchy light rain will continue to ease during the evening to leave a largely dry night, although with a lot of low cloud and some fog patches forming in places. Minimum temperature 4 deg C (39 deg F).

Tuesday:
Early low cloud and fog patches should soon clear to leave a largely dry day, with some bright or sunny spells developing for many. A windier day, but staying mild. Maximum temperature 13 deg C (55 deg F).

Outlook for Wednesday to Friday:
Wednesday will be largely dry, cloudy, windy and very mild. Generally fine and dry on Thursday and Friday with more sunshine around. Staying on the mild side overall.
